

Description:	Ethoxylated fatty alcohol combined with organic solvents.
Appearance:	Opalescent viscous gel.
Concentration:	36,0 – 40,0%
pH (sol. 10%):	4,0 – 6,5
Charge:	Nonionic.
Application:	Universal use in soaking, liming, deliming and bating.
Properties:	<p>Developed with high quality raw materials, UP CLEAR® DS is an excellent degreaser and emulsifier, completely biodegradable and low foaming.</p> <p>UP CLEAR® DS dramatically reduces the surface tension of the skins, which provides an excellent cleaning and wetting effect during the soaking and liming process.</p> <p>The extracted fat is emulsified, thereby preventing it from being deposited on the hides or on the drum's walls.</p>
Use guideline:	<p>The UP CLEAR® DS is easily miscible in water, in any proportion.</p> <p>It is compatible with most anionic and cationic auxiliaries used in the leather industry.</p> <p>We recommend applying UP CLEAR® DS according to the desired effect:</p> <ul style="list-style-type: none"> Bovine hides soaking and liming: 0.5 - 1.0% Goatskin soaking and liming: 1.5 - 3.0% Deliming and bating: 0.6 - 0.9%
Storage:	<p>We recommend keeping the product sealed in the original package, in a clean and controlled environment, avoiding extreme temperatures.</p> 
Package:	190 Kg metal drums.
